STATE TAX COMMISSION**

**Concord, New Hampshire**

February 24, 1943

Board of Selectmen  
Holderness, New Hampshire  
Gentlemen:

I submit herewith the report of an audit and examination of the accounts of the Town of Holderness, which has been made by the Division of Municipal Accounting of the State Tax Commission in accordance with the vote taken at your last annual meeting. This audit covers the period December 22, 1941 to January 31, 1942 and the fiscal year February 1, 1942 to January 31, 1943. Schedules as hereafter listed are included as part of the report.

**SCOPE OF AUDIT**

The audit and examination included the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Overseer of the Poor and the Treasurer of the Fire Department.

**FINANCES**

A statement of Indebtedness, Valuation and Taxes, covering the ten year period ending January 31, 1943, is included in Schedule A. An increase of Surplus during the last fiscal year of \$4,686.04 is indicated therein.

Comparative statements of appropriations and expenditures and estimated and actual revenues for the fiscal year ending January 31, 1943, are presented in Schedules D and D-1, respectively. A net unexpended balance of appropriations of \$5,381.38, and a net excess of actual over estimated revenues of \$1,004.45, resulted in a net budget surplus for the year of \$6,385.83.

**ACCOUNTS OF SELECTMEN AND TREASURER**

Vouchers issued by the Selectmen during the period December 22, 1941 to January 31, 1942, and the

fiscal year February 1, 1942 to January 31, 1943 were examined as were also the supporting invoices and highway agent's payrolls. All cancelled checks of the Treasurer, issued upon orders of the Selectmen, were compared with the vouchers and found to be in agreement. The receipts of the Treasurer were checked by source, insofar as it was possible to do so and totals of receipts and expenditures were verified. The Treasurer's cash book balance, as of January 31, 1943, was reconciled with the balance in the Meredith Trust Company Bank of like date.

### **TAXES**

The tax sale accounts of David Curry were examined and found to be properly recorded and redemptions promptly turned over to the Treasurer.

The accounts of former collector Mildred I. Avery were examined as of August 11, 1942, and schedules showing the activity to that date are included herewith.

An examination was made of the accounts and records of Collector Guy S. Davison, to whom all uncollected and unredeemed taxes were committed following the resignation of Mrs. Avery. When remittances are made to the Treasurer special attention should be given to the allocation of credits to the proper warrant or tax sale accounts.

### **TOWN CLERK**

The motor vehicle permits and dog licenses issued by the Clerk were examined. All funds received from these sources were properly accounted for through remittances to the Treasurer. It is recommended that the Clerk keep a record of these transactions in the regular Town Clerk's cash book provided for this purpose.

### **OTHER ACCOUNTS**

The accounts of the Trustees of Trust Funds, Overseer of the Poor and Treasurer of the Fire Department were examined and found to be in order. The surety bonds of town officers, who are required by law to furnish such bonds, were examined and found to be in proper form and sufficient amount.

## GENERAL

The suggestion is made that all Road Agents pay-rolls be carefully checked before payment on account thereof is made.

It is also recommended that, inasmuch as the Selectmen's Receipts and Payments Book is a permanent record, entries therein should be made in ink rather than pencil.

We extend our thanks to the town officers for their assistance and information furnished during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director,  
Division of Municipal Accounting,  
State Tax Commission.

Herbert E. Hunt, Roger S. Morrill, Accountants.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

### Enrollment This Year

Two of our schools are being maintained in spite of a very small enrollment at the present time. The Carr School lost a number of children whose families moved away, but the indications are that some may return before the school year is over. The West Center Harbor School, now maintained by Holderness, has five Holderness pupils and two tuition pupils from Center Harbor. Transportation from that locality would present a serious problem, and the district voted last March to appropriate money to maintain the school, inasmuch as Center Harbor had decided to close it.

### Schools in War Time

The impact of the war effort is beginning to be seriously felt by teachers and children as well as all the rest of us.

Need for saving gasoline and tires has forced school bus routes throughout the state to be shortened or combined wherever practical, and this often means that children must walk part way where they used to ride from home to school.

Teachers and superintendent must devote much time and attention to matters outside of their usual school work. Rationing of food and fuel oil, sale of stamps and bonds and many other details demand our efforts from time to time .

Teachers meetings, which have been helpful in past years, seem to be out of the question for the duration.

The hope may be expressed that some of our war efforts may result in benefit to the children. An increased emphasis on health and physical education ought not to have to wait till war time to be put into effect. Many schools in the country are benefiting from the program of better nutrition through school lunches, as well as the penny milk program.

The tendency to put more stress on teaching practical and useful subjects, including a better knowledge of world conditions and the geography of the allied countries, seems to be a decided advantage.

Respectfully submitted,

ALMON W. BUSHNELL,

Superintendent of Schools.

## REPORT OF SCHOOL NURSE

---

A report of the Health Work done by the School Nurse during the past year.

School visits	62
Pupils examined	88

All of the children were weighed and measured several times during the year. Vision tests were taken. Physical examinations were completed. Individual inspections were made when it seemed necessary. Result of Examinations:

Defective vision	8
------------------	---

(four are wearing glasses)

Defective teeth	46
Enlarged tonsils	12

Dental Clinics were held with Dr. Pottle of Meredith and Dr. Kaplan of Plymouth, in their respective towns. A summary of the clinics show that 23 pupils were treated, with a total of 91 operations. This work was done at special rates. A similar clinic is being planned for this spring.

Two children were taken to the Chest Clinic in Laconia. One child was taken to the Eye Clinic in Hanover.

The Department of Education loaned the school an audiometer in November. 47 pupils had a hearing test made. 44 children came within the normal range of hearing. Three had a slight hearing defect.

The cooperation of the Superintendent, Members of the School Board, Teachers, Parents and the officers of the Red Cross Association has been very much appreciated.

Respectfully submitted,

EVA A. HENEY, R. N.

School Nurse.
